Only in the case of reinstallation:

During the installation, activate the option "I want to use SICAT Suite with SIDEXIS" in **Options** in the **SICAT Suite installer**:

SICAT Suite installer: Select the option for use with SIDEXIS

What effect does the update have on existing licenses?

You can still use your full version and Viewer licenses without any restrictions.

Can I also use SICAT Suite without a license?

You do not necessarily need a license. If there is no license on your computer, you can also view existing planning data in the **Viewer mode**.

In the Viewer mode, you cannot **carry out any planning** or **open any volumes without planning data**. To carry out planning, a **full version license** must be available on your computer.
